- Testing the effect of management training in Colombian manufacturing firms
- Three armed parallel randomized control trial
 - Treatment 1: Individual consulting
 - Treatment 2: Group consulting
- Main outcomes:
 - Management practices
 - Employment

Data and attrition

- Practical issues

Data and attrition

- Practical issues
- Thorough discussion on attrition

Data and attrition

- Practical issues
- Thorough discussion on attrition
- Frequency of measurement

Further research

- Group impact

Further research

- Group impact
- Impact on **productivity**

Further research

- Group impact
- Impact on **productivity**
- Impact on **product quality**? (Atkin, Khandelwal, and Osman, 2017)

Further research

- Group impact
- Impact on **productivity**
- Impact on **product quality**? (Atkin, Khandelwal, and Osman, 2017)
- Willingness to pay for the service
